January 24, 2007

## **STATE ROUTE 210 CONSTRUCTION WILL REQUIRE CLOSURE OF HIGHLAND AVENUE IN SAN BERNARDINO BEGINNING JANUARY 26**

Route 210 construction will require the temporary closure of Highland Avenue in San Bernardino between Medical Center Drive and Macy Street for lane re-striping to prepare for storm drain work. This closure will begin at 8 p.m. on January 26 and continue through 5 p.m. on January 27.

Once the street re-striping is complete, construction crews will begin deep trenching along Highland Avenue for the installation of storm drain pipes. This work will require long-term lane closures on Highland Avenue between California Street and State Street. This closure will remain in effect through early May. One eastbound lane will remain open during this process for local business access only.

As a detour, motorists can use California Street, 20<sup>th</sup> Street and State Street to connect with Highland Avenue. During travel peak hours, a flagging operation may be in place to direct motorists through the area. Pedestrian access will be available on both sides of the street.

For more project information, call the Route 210 toll-free helpline at 1-866-HELP-210 or visit the SANBAG website at [www.sanbag.ca.gov](http://www.sanbag.ca.gov). SANBAG and Caltrans appreciate your patience during construction of this new freeway. Please allow extra time when traveling through the construction area and follow all signs and detour routes.

**Remember, Safety: It's no accident!**
